

Health and Safety Policy

Horse riding is a risk sport, and horses will always be unpredictable animals, so health and safety on and off the yard must always be paramount.

The health and safety of our clients and employees is of utmost importance. Conroy Polo aims to provide and maintain safe conditions, equipment and practices for all our clients and visitors and provide them with the necessary information, instruction and training to achieve this aim

For your own health and safety please ensure you:

Read and obey safety notices and any instructions given by Conroy Polo staff

Report any hazards or dangers which you see to a member of staff

Report any accidents which occur to a member of staff and ensure that they are entered in the accident report book which is kept in the tack room

The First Aid kit is located in the tack room

All new clients must complete the New Client Registration form which will be given to you prior to your first lesson. This must be completed in full before your lesson.

All riders must wear a riding hat conforming to PAS015 standard (or equivalent) at all times whilst mounted. Suitable footwear and clothing must be worn whilst mounted.

Hats conforming to current standards are available if you do not own one. We recommend you purchase a hat that has been fitted by a suitably trained person.

Smoking is not permitted whilst mounted, or in any of the yard, storage or tack room areas.

All visitors to Conroy Polo MUST comply with any and all instructions given in the interests of safety by Conroy Polo staff. Failure to do so could result in being asked to leave the premises.
